General Obligation Bond Fund (Measure HH)  
June 30, 2025

# San Diego Community College District

## Independent Auditor's Report

To the Board of Trustees and the  
Citizens' Bond Oversight Committee  
San Diego Community College District  
San Diego, California

### Report on the Audit of the Financial Statements

#### *Opinion*

We have audited the financial statements of the General Obligation Bond Fund (Measure HH) of San Diego Community College District (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the General Obligation Bond Fund (Measure HH) of San Diego Community College District, as of June 30, 2025, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Emphasis of Matter*

As discussed in Note 1, the financial statements presents only the General Obligation Bond Fund (Measure HH), and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2025, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2026 on our consideration of the General Obligation Bond Fund (Measure HH) of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the General Obligation Bond Fund (Measure HH) of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the General Obligation Bond Fund (Measure HH) of the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eide Sully LLP". The signature is written in a cursive, flowing style.

## **Note 1 - Summary of Significant Accounting Policies**

The accounting policies of San Diego Community College District's General Obligation Bond Fund (Measure HH) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The District's General Obligation Bond Fund (Measure HH) accounts for the financial transactions in accordance with the policies and procedures of the California Community Colleges *Budget and Accounting Manual*.

### **Financial Reporting Entity**

The financial statements include only the General Obligation Bond Fund (Measure HH). This Fund was established to account for the receipt of proceeds and the expenditures of general obligation bonds issued under Measure HH. These financial statements are not intended to present fairly the financial position and the changes in financial position of the District in accordance with accounting principles generally accepted in the United States of America.

### **Fund Accounting**

The operations of the General Obligation Bond Fund (Measure HH) are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to, and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

### **Basis of Accounting**

The General Obligation Bond Fund (Measure HH) is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

### **Budgets and Budgetary Accounting**

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenues and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

### **Encumbrances**

The District utilizes an encumbrance accounting system under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

### **Fund Balance**

As of June 30, 2025, the fund balance is classified as follows:

**Restricted** - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

### **Estimates**

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates, and those differences could be material.

## **Note 2 - Investment**

### **Policies and Practices**

The District is authorized under California *Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instrument; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreement; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security, and collateralized mortgage obligations.

### Investment in County Treasury

In accordance with the *Budget and Accounting Manual*, the District maintains substantially all of its cash in the county treasury as part of the common investment pool. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's pro-rata share of the fair value provided by the county treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the county treasurer, which is recorded on the amortized cost basis. The District's investment in the county treasury is measured at fair value on a recurring basis which is determined by the fair value per share of the underlying portfolio determined by the program sponsor. Positions in the investment pool are not required to be categorized within the fair value hierarchy.

### General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

| Authorized Investment Type              | Maximum Remaining Maturity | Maximum Percentage of Portfolio | Maximum Investment in One Issuer |
|---|----------------------------|---------------------------------|----------------------------------|
| Local Agency Bonds, Notes, Warrants     | 5 years                    | None                            | None                             |
| Registered State Bonds, Notes, Warrants | 5 years                    | None                            | None                             |
| U.S. Treasury Obligations               | 5 years                    | None                            | None                             |
| U.S. Agency Securities                  | 5 years                    | None                            | None                             |
| Banker's Acceptance                     | 180 days                   | 40%                             | 30%                              |
| Commercial Paper                        | 270 days                   | 25%                             | 10%                              |
| Negotiable Certificates of Deposit      | 5 years                    | 30%                             | None                             |
| Repurchase Agreements                   | 1 year                     | None                            | None                             |
| Reverse Repurchase Agreements           | 92 days                    | 20% of base                     | None                             |
| Medium-Term Corporate Notes             | 5 years                    | 30%                             | None                             |
| Mutual Funds                            | N/A                        | 20%                             | 10%                              |
| Money Market Mutual Funds               | N/A                        | 20%                             | 10%                              |
| Mortgage Pass-Through Securities        | 5 years                    | 20%                             | None                             |
| County Pooled Investment Funds          | N/A                        | None                            | None                             |
| Local Agency Investment Fund (LAIF)     | N/A                        | None                            | None                             |
| Joint Powers Authority Pools            | N/A                        | None                            | None                             |

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the San Diego County Treasury Investment Pool. The District maintains a General Obligation Bond Fund (Measure HH) investment of \$847,747,116 with the San Diego County Treasury Investment Pool, with an average maturity of 562 days.

**Credit Risk**

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the San Diego County Treasury Investment Pool was rated AA+ by Fitch Ratings, Inc. as of June 30, 2025.

**Note 3 - Accounts Receivable**

Accounts receivable at June 30, 2025, consisted of accrued interest for a total of \$10,786,417.

**Note 4 - Accounts Payable**

Accounts payable at June 30, 2025, consisted of construction projects in the amount of \$8,528,675 and accrued payroll in the amount of \$84,185.

**Note 5 - Due to other funds**

At June 30, 2025, the General Obligation Bond Fund (Measure HH) Fund owed \$31,419 to the District Internal Service Fund for payroll costs related to construction project management.

**Note 6 - Expenditures by Project**

Expenditures classified by project for the year ended June 30, 2025, were as follows:

| Project Name                                   | Site                            | Expenditures                |

|  |                                 | <hr/>                       |
| Total  |                                 | <u><u>\$ 14,085,991</u></u> |

**Note 7 - Commitments and Contingencies**

**Construction Commitments**

As of June 30, 2025, the General Obligation Bond Fund (Measure HH) had approximately \$1.34 billion in commitments with respect to unfinished capital projects.

**Litigation**

The District is not currently a party to any legal proceedings related to the General Obligation Bond Fund (Measure HH) at June 30, 2025.

**Note 8 - Bonded Debt**

On November 5, 2024, by majority election of the Districts' registered voters, \$3,500,000,000 in general obligation bonds (Measure HH) were authorized to be issued and sold for the benefit of the District. Proceeds from the bonds are to be used for acquisition, construction, reconstruction, rehabilitation, replacement, furnishing and equipping of District facilities, and to pay related costs of issuance.

San Diego Community College District  
General Obligation Bond Fund (Measure HH)

Notes to Financial Statements  
June 30, 2025

**2024 Series A-1**

In January 2025, the District issued General Obligation Bonds, Election of 2024, Series A-1 of the Measure HH bond authorization, which consisted of current interest serial bonds and term bonds with an initial par amount of \$700,000,000, and interest rates of 4.00% to 5.00% maturing through August 1, 2055. The outstanding balance as of June 30, 2025, was \$700,000,000.

**2024 Series A-2**

In January 2025, the District issued General Obligation Bonds, Election of 2024, Series A-2 of the Measure HH bond authorization, which consisted of federally taxable serial bonds and term bonds with an initial par amount of \$150,000,000, and interest rates of 5.75% to 6.00% maturing through August 1, 2035. The outstanding balance as of June 30, 2025, was \$150,000,000.

The District's outstanding general obligation bond debt of both Measure HH at June 30, 2025 is as follows:

| Series                    | Issue Date | Maturity Date | Interest Rate | Original Issue | Bonds Outstanding, July 1, 2024 | Issued                | Redeemed    | Bonds Outstanding, June 30, 2025 |
|---------------------------|------------|---------------|---------------|----------------|---------------------------------|-----------------------|-------------|----------------------------------|
| Election 2024, Series A-1 | 1/23/25    | 8/1/2055      | 4.00%-5.00%   | \$ 700,000,000 | \$ -                            | \$ 700,000,000        | \$ -        | \$ 700,000,000                   |
| Election 2024, Series A-2 | 1/23/25    | 8/1/2035      | 5.75%-6.00%   | 150,000,000    | -                               | 150,000,000           | -           | 150,000,000                      |
|                           |            |               |               |                | <u>\$ -</u>                     | <u>\$ 850,000,000</u> | <u>\$ -</u> | <u>\$ 850,000,000</u>            |

The general obligation bonds mature through 2056 as follows:

| Fiscal Year | Principal             | Current Interest to Maturity | Total                   |
|-------------|-----------------------|------------------------------|-------------------------|
| 2026        | \$ -                  | \$ 33,715,598                | \$ 33,715,598           |
| 2027        | -                     | 32,982,650                   | 32,982,650              |
| 2028        | -                     | 32,982,650                   | 32,982,650              |
| 2029        | -                     | 32,982,650                   | 32,982,650              |
| 3030        | 115,795,000           | 59,042,107                   | 174,837,107             |
| 2031-2035   | 24,715,000            | 171,988,194                  | 196,703,194             |
| 2036-2040   | 59,540,000            | 160,648,088                  | 220,188,088             |
| 2041-2045   | 115,090,000           | 139,300,500                  | 254,390,500             |
| 2046-2050   | 185,350,000           | 104,983,700                  | 290,333,700             |
| 2051-2055   | 278,870,000           | 54,557,825                   | 333,427,825             |
| 2056        | 70,640,000            | 1,766,000                    | 72,406,000              |

Independent Auditor's Report  
General Obligation Bond Fund (Measure HH)  
June 30, 2025

**San Diego Community College District**

**Independent Auditor’s Report on Internal Control over Financial Reporting and  
on Compliance and Other Matters Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards***

To the Board of Trustees and the  
Citizens’ Bond Oversight Committee  
San Diego Community College District  
San Diego, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the General Obligation Bond Fund (Measure HH) of San Diego Community College District (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, and have issued our report thereon dated January 22, 2026.

**Emphasis of Matter**

As discussed in Note 1, the financial statements presents only the General Obligation Bond Fund (Measure HH), and do not purport to, and do not, present fairly the financial position of the District, as of June 30, 2025, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District’s General Obligation Bond Fund (Measure HH) financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the General Obligation Bond Fund (Measure HH) of the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Performance Audit  
General Obligation Bond Fund (Measure HH)  
June 30, 2025

# San Diego Community College District

## Independent Auditor's Report on Performance

To the Board of Trustees and the  
Citizens' Bond Oversight Committee  
San Diego Community College District  
San Diego, California

We were engaged to conduct a performance audit of the General Obligation Bond Fund (Measure HH) of San Diego Community College District (the District) for the year ended June 30, 2025.

We conducted this performance audit in accordance with generally accepted *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

### **Audit Authority/Purpose**

The general obligation bonds associated with Measure HH were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California *Education Code*, and other applicable provisions of law. The bonds are authorized to be issued by a resolution adopted by the Board of Trustees of the District on July 11, 2024.

The District received authorization from an election held on November 5, 2024, to issue bonds of the District in an aggregate principal amount not to exceed \$3,500,000,000 to finance specific construction and renovation projects approved by eligible voters within the District. The proposition required approval by at least 55% of the votes cast by eligible voters within the District (the 2024 Authorization). The bonds represent the first and second series of the authorized bonds to be issued under the 2024 Authorization.

### **Purpose**

The net proceeds of the Bonds issued under the 2024 Authorization will be used for the purposes specified in the District bond proposition submitted at the Election, which include to finance the acquisition, construction, reconstruction, rehabilitation, replacement, furnishing and equipping of District facilities, and to pay related costs of issuance.

## Authority

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by the District for the following: “construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities”, upon approval by 55% of the electorate. In addition to reduction of the approval threshold from two-thirds to 55%, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* Sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other district operating expenses.
2. The District must list the specific facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety and information technology needs in developing the project list.
3. Requires the District to appoint a citizens’ bond oversight committee.
4. Requires the District to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until after all of the proceeds have been expended.
5. Requires the District to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

## Objectives of the Audit

Our audit was limited to the objectives listed below which includes determining the compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District compliance with those requirements.

1. Determine whether expenditures charged to the General Obligation Bond Fund (Measure HH) have been made in accordance with the bond project list approved by the voters through the approval of Measure HH.
2. Determine whether salary transactions charged to the General Obligation Bond Fund (Measure HH) were in support of Measure HH and not for District general administration or operations.

## Scope of the Audit

The scope of our performance audit covered the period of July 1, 2024 through June 30, 2025. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2025, were not reviewed or included within the scope of our audit or in this report.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution) but not for the purpose of expressing an opinion of the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

## Methodology

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2025, for the General Obligation Bond Fund (Measure HH). Within the fiscal year audited, we obtained the actual invoices, purchase orders, and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and Measure HH as to the approved bond projects list. We performed the following procedures:

1. We identified expenditures and projects charged to the general obligation bond proceeds by obtaining the general ledger and project listing.
2. We selected a sample of expenditures using the following criteria:
  - a. We considered all expenditures recorded in all object codes.
  - b. We considered all expenditures recorded in all projects that were funded from July 1, 2024 through June 30, 2025 from Measure HH bond proceeds.
  - c. We selected all expenditures that were individually significant expenditures. Individually significant expenditures were identified based on our assessment of materiality.
  - d. For all items below the individually significant threshold identified in item 2c, judgmentally selected expenditures based on risk assessment and consideration of coverage of all object codes and projects for period starting July 1, 2024 and ending June 30, 2025.
3. Our sample included transactions totaling \$10,746,734. This represents 76% of the total expenditures of \$14,085,991.

4. We reviewed the actual invoices and other supporting documentation to determine that:
  - a. Expenditures were supported by invoices with evidence of proper approval and documentation of receipting goods or services.
  - b. Expenditures were supported by proper bid documentation, as applicable.
  - c. Expenditures were expended in accordance with the voter-approved bond project list.
  - d. Bond proceeds were not used for salaries of administrators or other operating expenses of the District.
  
5. We determined that the District has met the compliance requirements of Measure HH if the following conditions were met:
  - a. Supporting documents for expenditures were aligned with the voter-approved bond project list.
  - b. Expenditures were not used for salaries of administrators or other operating expenses of the District.

The results of our tests indicated that the District expended General Obligation Bond Fund (Measure HH) funds only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution.

#### **Audit Results**

The results of our tests indicated that, in all material respects, the District has properly accounted for the expenditures held in the General Obligation Bond Fund (Measure HH) and that such expenditures were made for authorized Bond projects. Further, it was noted that funds held in the General Obligation Bond Fund (Measure HH), and expended by the District, were used for salaries only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

This report is intended solely for the information and use of the District, Board of Trustees, and Citizens' Oversight Committee, and is not intended to be and should not be used by anyone other than these specified parties.
