## Project News & Information

Additional resources, articles, and links related to this project will appear here when available. For comprehensive information about Measure HH and all ongoing projects, please explore [the Measure HH website](#).

## Project Features

- San Diego Community College District plans to replace four (4) overhead gates at parking structures on the Cesar Chavez Campus
- Scope of work includes replacement and/or addition of access components, such as:
  - Keypads
  - Key operators
  - Automatic gate loops (at select gates)
- All gates are assumed to be replaced in kind
- Existing structural supports are in good condition and do not require replacement
- The District has elected not to submit this project to the Division of the State Architect (DSA)

1901 Main St, San Diego, CA 92113
