Here to stay! Observing noncredit student drops

Workshop – November 18th, 2024

Flex: 26038/36376

Workshop Objectives

Designed for College of Continuing Education colleagues and faculty interested in seeing enrollment and headcount for the three enrollment metrics: Enrollment Actions, Valid Enrollment, Active Enrollment.

Learning Outcome 1) Identify the number of enrollments that changed across Enrollment Actions, Valid Enrollments, and Active Enrollments.

Learning Outcome 2) Identify the number of students (unduplicated headcount) that changed across Enrollment Actions, Valid Enrollments, and Active Enrollments.

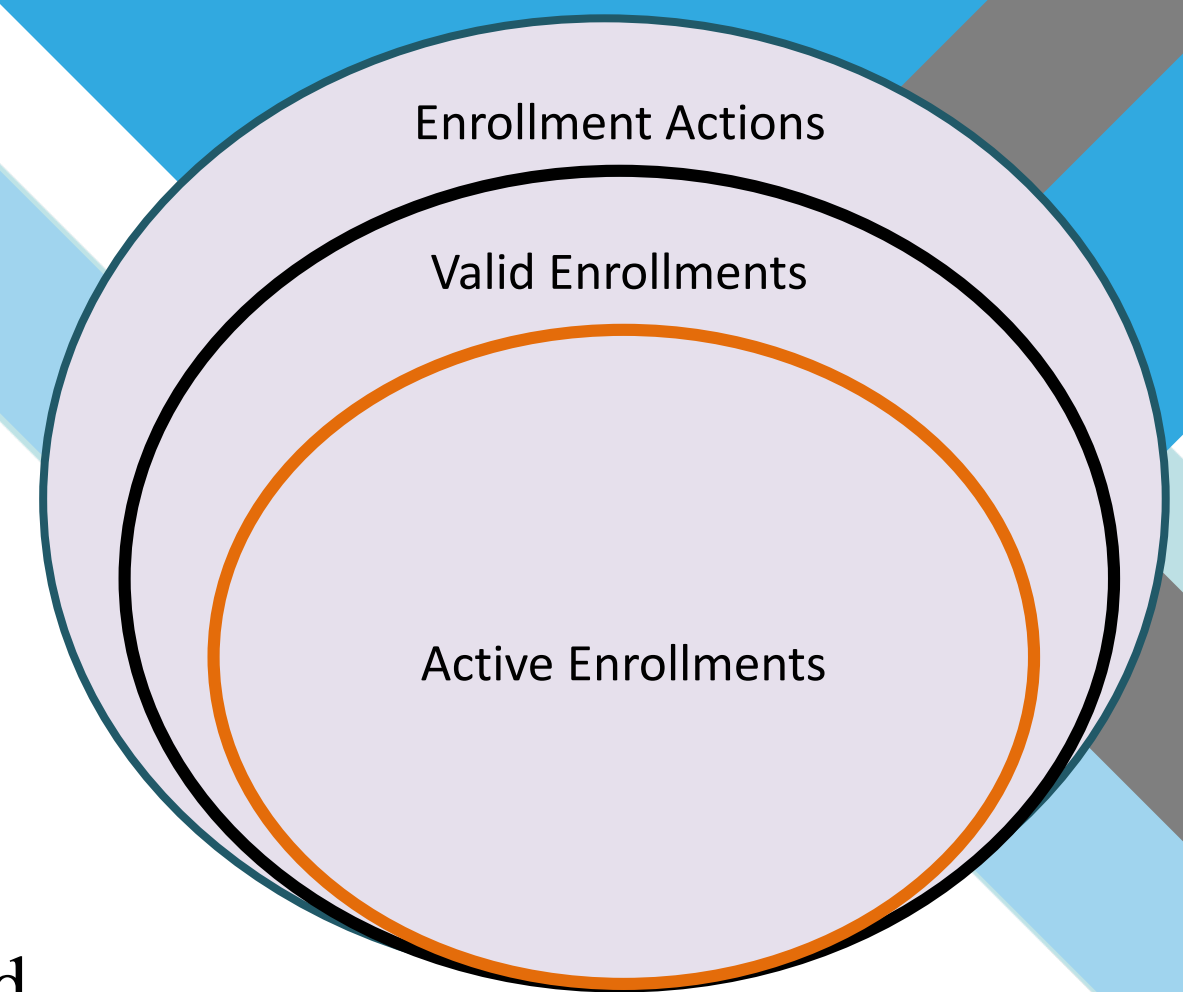

Definitions

Enrollment Action: ____ The duplicated headcount of enrollments. It does not exclude any type of enrollment.

Valid Enrollment: ____ The number of seats filled, or duplicated headcount. Drops with zero attendance hours are excluded.

Active Enrollment: ____ The number of students with a current enrollment status of enrolled. Drops and never attends are excluded.

Headcount: ____ The overall number of unduplicated students from the number of ____ enrollments.
